

# WINE WITHOUT BORDERS

## GRÜNER VELTLINER

# 2021

### TRISKA VINEYARD, SAN FRANCISCO BAY

### EXPAND YOUR HORIZONS

Wine Without Borders strives to grow the world's most interesting wines, despite these varietals not being household names. Our winemaker grew up making Grüner Veltliner with his family outside of Budapest; the varietal is actually a cousin of Sauvignon Blanc.

### TASTING NOTE

The 2021 has a youthful green tint in the glass, and the aromatics are also quite desirable: green apple, papaya, key lime, pineapple, and lemongrass on the nose. The combination of citrus and tropical fruit on the palate combined to create a flavor and textural profile of citrus oil. The acid-driven finish coats the tropical and stone fruit quality of the wine.
