

WINE WITHOUT BORDERS

PRIMITIVO 2021

CROWN BLOCK VINEYARD, LIVERMORE VALLEY, SAN FRANCISCO BAY

EXPAND YOUR HORIZONS

Wine Without Borders strives to grow the world's most interesting wines, despite these varietals not being household names.

The Kent families grow the acid-driven "Barri" clone of Zinfandel, aka Primitivo, in a small block that borders their home. They also harvest the varietal much earlier than is typical of California Zinfandel, just like Apulian winemakers. The result is a wine that has both dark fruit flavors and bright, food-friendly acidity.

The Kent family's gentle attention to detail in the vineyard, combined with Julian Halasz's masterful winemaking, creates a wine that reflects our true-to-terroir winemaking philosophy.
